

Australasian Society for Philosophy and Psychology 2018 Meeting

5th-7th December 2018
Macquarie University, Sydney Australia

General Notes:

- Papers in paper sessions are 20 minutes long, including questions. Timing of symposia is left to the chair.
- There will be tea at 10 and 3, and lunch at 12
- Abstracts can be found in the separate abstract booklet.
- All sessions will be held in MUSE (Building C7A) on the Macquarie Campus.

Wednesday, December 5th

9-10 Keynote: Michael Richardson (Macquarie University) “Symmetries of Order in Perception, Action and Cognition”

10:30-12:00 Parallel sessions

Room A	Room B
Alessio Bucci: Altered states of consciousness: a conceptual analysis based on empirical cases	Lachlan Walmsley: Extensive mechanism
Katsunori Miyahara: Expediting neurophenomenology: Lessons from an initial attempt	Mike Dacey: Evidence against Default Models in Comparative Psychology
Alex Morgan: Gaining Perspective: On the Neurocomputational Mechanisms of Subjectivity	Elena Popa: Time as a Psychological Condition of Possibility for Causal Thought
Lin Ying-Tung: Field and observer perspectives in episodic simulation and the sense of self	

1:00-3:00 Long Symposia

Room A	Room B
“Enculturated Minds: E-Cognition Perspectives on Collective Intentionality, Social Cognition and Perception.”	Author-Meets-Critics session Josh May <i>Regard for reasons in the moral mind</i>
Glenda Satne (UOW/UAH) and Richard Menary (Macquarie); Ines Hipolito and Daniel Hutto (UOW); Nick Brancazio and Miguel Segundo Ortin (UOW); Alan Jurgens (UOW).	Daniel Cohen (CSU Wagga Wagga); Philip Gerrans (University of Adelaide); Jeanette Kennett (Macquarie); Joshua May (University of Alabama at Birmingham); Robin Zheng (Yale NUS)

3:30-5:00 Parallel sessions

Room A	Room B
Peter Slezak: Intuition and Omniscience	Isaac Wiegman: The Motivational Structure of Emotions
Corey Maley: Analog Computation for Cognitive Science	Mizumoto Masaharu: Knowing emotions of others: A cross-linguistic and cross-cultural study
Larry Shapiro and Greg Nirshberg: Structural Representation in Predictive Coding Models: Big Deal or More of the Same?	Olivia Odoffin "Basic Emotions"
Jon Opie and Gerard O'Brien: Commentary	

5:15-6:15 Keynote: Kate Stevens (Western Sydney University) “Bodies of knowledge”: recollective and creative cognition in Australian contemporary dance

6:15-9 Poster reception

Thursday, December 6th

9-10 Keynote: Donna Addis (University of Toronto) (Title TBA)

10:30-12:00 Parallel sessions

Room A	Room B	Room C
Symposium: “Current Issues in Cognitive Neuroscience” Tom Carlson (USyd); Mark Williams (MQ); Amanda Robinson; Tilj Grootswagers; Brendan Ritchie	Vicente Raja Galian: Don’t Trust the Body Snatchers! Predictive Processing and Dis-Embodied Cognitive Science	Nick Byrd: Not All Who Ponder Count Costs: Arithmetic Reflection Predicts Utilitarian Inclinations, but Syllogistic Reflection Predicts both Deontological and Utilitarian Inclinations
	Guilherme Sanches De Oliveira: Scientific Representation, Mental Representation, and Embodied Cognition	Graham Wood: Toward a unified cognitive science of moral intuition.
	Alex Kerr: What is it to feel a beat?	Noel Viana: Stimulating the brain or altering the self? The effects of neurostimulation for Alzheimer’s disease
	Martin Hartmann: Music-induced movement: Prediction of perceived similarity and interaction between dyads	Pablo López-Silva: Are These My Own Thoughts? Attributions of Mental Agency and the Challenge from Psychopathology

12-1 General Meeting of the ASPP

1:00-3:00 Long Symposia

Room A	Room B
“Minds in Skilled Performance”	“Collective Memory”
Jesús Ilundáin-Agurruza (Linfield College) and Yoshiko Oda (Tokai Gakuen University) ; Michael D. Kirchhoff (University of Wollongong) and Ian Robertson (University of Wollongong); Katsunori Miyahara (University of Wollongong/University of Tokyo)	Catherine A. Browning (Macquarie); Celia B. Harris (Macquarie); Santiago Arango-Muñoz (Universidad de Antioquia); Craig Thorley (James Cook University); Chloe Wall (University of Otago)

3:30-5:00 Parallel sessions

Room A	Room B	Room C
Symposium: “Beliefs Beyond Rationality” Stephanie Howarth (Macquarie), Colin Klein (ANU), Vince Polito (Macquarie)	Wayne Christensen : Meshed cognitive and automatic control in skilled action	Angus McLachlan: The ticklish touch: stimulus or sign
	Carlotta Pavese: On the Very Idea of Practical Representation	Katya Numbers: Mine or Yours? Responsibility and Remembering in Strangers and Romantic Couples.
	Markos Valaris: Action Demonstratives and Knowledge of Action	Timothy Fuller: Erasing Race? Models of Racial Conceptual Revision
	Christopher Hewitson: Motor skill acquisition often depends on a combination of implicit and explicit knowledge	Jodie Valpied: Are extraverts really happier? Philosophical and methodological issues in the study of introversion-extraversion and positive affect.

5:15-6:15 Keynote: Andy Clark (University of Edinburgh) (Title TBA)

Conference Dinner (Details TBA)

Friday, December 7th

9-10 Presidential Address: John Sutton (Macquarie University)

10:30-12:00 Parallel sessions

Room A	Room B
<p>Symposium: “The temporally extended self – from development to degeneration”</p> <p>Thomas Suddendorf (UQ); Jonathan Redshaw (UQ); Adam Bulley (UQ); Muireann Irish (USyd); Cherie Strikwerda-Brown (USyd)</p>	<p>Kate Devitt: Antagonising the echo chamber: Can a social network counteract cognitive bias with Bayesian rationality?</p> <p>Hoda Mostafavi: Person-reading: The cultural evolution of social cognition</p> <p>Andrew Sims: The essence of agency is discovered, not defined: a minimal mindreading argument</p>

1:00-3:00 Long Symposia

Room A	Room B
<p>“The Biological Boundaries of Predictive Processing”</p> <p>Jakob Hohwy (Monash), Michael Kirchhoff (UOW); Alex Morgan (Rice); Ross Pain (ANU) and Stephen Mann (ANU)</p>	<p>“Movement, Expertise and Creativity”</p> <p>Maya Gavish; Robin Dixon; Ian Maxwell; Kath Bicknell; Sarah Pini</p>

3:30-5:00 Parallel sessions

Room A	Room B
<p>Sophie Stammers: Confabulation, the stigma of illness and stories of empowerment</p> <p>Lauren Olin: Mistaking Identities</p> <p>Quinn Gibson: Monothematic Delusions: An expressivist two-factor account</p>	<p>Symposium: “Mutual Manipulability, Extended Cognition, Enactivism: Open Challenges and Future Directions”</p> <p>David M. Kaplan (Macquarie University); Alexander James Gillett (Macquarie University); Michael D. Kirchhoff (Wollongong University); Richard Menary (Macquarie University), Karola Stotz (Macquarie University)</p>

5:15-6:15 Keynote: Peter Godfrey-Smith (University of Sydney) “Mental Unity and Animal Experience”
